TEAM BUILDING

Ready, Steady...Cook at Becketts

Upon arrival to The Orange Kitchen, delegates will be divided into two teams; Green Peppers and Red Tomatoes. The teams will each be given a box containing a variety of ingredients and will be assigned their own team chef. They will then break out and spend twenty minutes planning a three course menu and organising their roles within the group to ensure successful completion of the task.

The teams will then have two hours to execute their plan, organising their time and being as creative as they can with the ingredients given. They will work together to present three delicious dishes, ensuring that they are in the presentation area when the whistle blows.

Three independent judges will then deliberate, cogitate and digest the dishes to choose a winning team for the day.

What's included:

- 30 minutes team selection and planning.
- 2 hours hands-on cooking with our team of chefs against the clock.
- All ingredients and equipment including aprons and hats.
- Judges and judging cards to appoint the winning dishes and team.
- Prizes for the winning team.
- £60 pp (+vat) and a minimum of 10 delegates.
- Please contact us for a quote for parties less than 10.

TEAM BUILDING

Circus Skills Workshop

Swap juggling priorities, projects and pressures for clubs, balls and scarves and come join the Becketts Farm Circus for a day!

Take the time away from the office for a fun and engaging team building activity, to boost team morale and develop your working relationships.

Upon arrival, you'll be greeted by your Ring Master - a trained Circus professional, from award-winning Birmingham-based company, Circus Mash!

Over the course of the 2 hours session, delegates will be guided through a range of 6 circus skills that will explore manipulation, hand-eye coordination and balancing. They will begin with a couple of group games, which will focus on working together as a group, as well as independently, to achieve a common goal.

Skills include: plate spinning, juggling, poi spinning, hula hooping, globe walking and rola bola balancing.

What's included:

- 2 hours circus skills workshop with trained Circus 'Ring Master'
- Option for indoor or outdoor activity (weather dependent).
- All equipment, and free-flow tea, coffee and water included.
- £65 pp (+vat) based on a minimum of 15 delegates.
- Please contact us for a quote for parties less than 10.

TEAM BUILDING

Cook & Dine

For a twist on the office meal, in this fun-filled team building activity delegates will take on three roles in one – chef, waiter and diner!

Delegates will be divided into two or three teams, each of which will prepare a set course for their evening meal.

Each team will work together to create a starter, main course or dessert, from a choice of Italian, Indian or British food style menus, designed to have plenty of elements that will keep everyone active and participating in their group.

Once completed, the teams will retire to their own personal dining area to enjoy their culinary delights with wine and other beverages available...

....there is just one small twist... each group will serve their own course to the whole party!

Inevitably, the dinner conversation always comes round to which team should be the day's winners!

What's included:

- 2.5 – 3 hours hands-on cooking with full guidance from our team of Chefs.
- Three course fine dining menu in private dining room.
- Glass of wine per person (bar available on request).
- Full instruction & recipe card for each delegate.
- £80 pp (+vat) and a minimum of 12 delegates.
- Please contact us for a quote for parties less than 12.

PROFESSIONAL KITCHEN HIRE

As well as our Conferencing Facilities, we also offer a professional hire kitchen, which can be combined with Room Hire, or this can be booked as a stand alone space.

The Orange Kitchen has been developed to offer all our clients the ability to use our facilities away from their own busy offices, kitchens and restaurants. We have designed it to suit a small operator's needs or those of a national group, with equipment that is used in today's modern commercial kitchens.

The bright and spacious kitchen can accommodate a group of up to 25 chefs and our separate tasting room seats 12, making the ideal space to discuss developed dishes and present to clients.

"The Orange Kitchen is in a central location allowing convenient travel for geographically diverse groups to come together. The individual cooking areas are great for training; each with a sink, fridge, hob and work surface area. If you need an escape from the day to day environment to think, create and develop, the farm shop is on hand for those last minute light bulb moments too"
